

ALLEN P.

Reliable, Diligent, Persistent

"Remembering that you are going to die is the best way I know to **avoid the trap of thinking you have something to lose**. You are already naked. There is no reason not to **follow your heart**."

- Steve Jobs

BIOGRAPHY

In his sixth year with the 49ers STEM Leadership Institute, Allen is known for having particular expertise in fixing computers. As a five-year FIRST Robotics veteran, he has learned the importance of persistence, resolve, and flexibility in both robotics and life skills. By being a determined and dedicated individual, Allen brings focus and time management to his team. In college, he hopes to double major in Electrical Engineering and Computer Engineering. Outside of SLI and school, Allen enjoys listening to music, recreational swimming, badminton, and tinkering with various devices. An avid learner, he also enjoys watching TED Talks and is currently learning Python and deepening his knowledge of Java.
