

YUSEF B.

Courteous, Loyal, Soft-Spoken

"**Stumbling** is not falling."
- Malcolm X

BIOGRAPHY

In addition to his classes and participating in the 49ers STEM Leadership Institute (SLI), Yousef is involved in multiple activities such as the Muslim Student Association, where he served as president for one year.

Outside of school and SLI, Yousef participates heavily in the Boy Scouts of America. Having served in various positions, he's found that each role has afforded him the opportunity to give back to his troop and the community, while learning and growing from new experiences. For example, Yousef served as Patrol Leader, where he lead eight scouts, assisting them in advancement and activities. He's also worked as Troop Scribe, leading a team responsible for keeping records.

When he isn't participating in Boy Scouts, Yousef refines his kickboxing skills, which he's been practicing since 8th grade. He now teaches kickboxing to youth in his community.

Lastly, after volunteering for six months at the Hidaya Foundation, he now works with the charity part-time, where he collects donations and ships them to refugees across seas in Pakistan.
