BIOGRAPHY

Jeremy has been a part of SLI since 7th grade. He is deeply motivated and loves to make the most out of every opportunity. From inside the pool to behind a computer, he always helps his peers in pushing the limits of what's possible. He's particularly interested in Control Systems, working on a custom Pure Pursuit path follower and Extended Kalman Filter for his FTC robotics team. Jeremy also likes to spend his free time with his friends, hanging out at the park or grabbing food at the mall.
