

Kyle O.

*Contemplative, Competitive,
Compassionate*

One dies only if he's no longer in the **hearts** and **minds** of those who know him.

- Eichiro Oda

BIOGRAPHY

Kyle is a driven and competitive individual who has been a part of the 49ers STEM Leadership Institute program for 6 years. Kyle has built upon many skills during his time in the program such as teamwork, collaborative spirit, and leadership. He has applied these skills through multiple projects and competitions such as FLL, Maker Faire, Project Invent, and PIF.

Outside of academics, Kyle is very physically active participating in the school's Track & Field, Swim & Dive, and Cross-Country teams playing active roles in the Varsity teams including Team Captain in Cross-Country. On his own time, Kyle competes in Triathlons in a solo organization, taking his skills as far as the world championships where he raced for Team USA's High School Sprint Triathlon individual and mixed relay events. Kyle values the experience he's garnered over the years and participates as a part time coach for aspiring junior-triathletes while also providing education through his position as Vice President of the Cycling Club.
