

# Nick M.

*Confident, Communicative, Responsible*

We have **two lives**; the second begins when we realise we only have one.

- Confucius

## BIOGRAPHY

Throughout his six years in the 49ers STEM Leadership Institute, Nicholas Morris has engaged in challenges inside and outside of the classroom.

In the classroom he developed technical skills, learning to use CAD software, 3D Printers, CNC machines, the Laser Cutter, and many more. He competed in First Tech Challenge, First Lego League, AMC Math Competition, Synopsis Science Fair, and Maker Mart. He was also a part of the SCHS's 150th Anniversary Float project, learning teamwork and diligence along the way.

Outside of the classroom he was awarded the rank of Eagle Scout in 2023 following his leadership position as SPL for Troop 394. He was a 4 year Varsity Water Polo player, and Captain in 2024. Additionally he was the Technology Representative in 23' and 24' for the student council. He also enjoys working as a Lifeguard / Swim instructor.

Nick is an ambitious leader to his friends, classmates, teammates, coworkers, and peers, always pushing others to become the best versions of themselves. He cherishes his time with SLI, not only for the skills he learned and challenges he overcame, but for the memories he formed and the people he bonded with along the way.
